pero estan estudiando mi caso, primero tienen que ver donde esta el problema si es que lo encuentran que esa es otra, luego hay diferentes tratamiento, pastillas inyecciones, etc si eso no funciona, se recurre a la fecundacion in vitro, hace 3 aos que me dijeron que no podria ser madre y fue un palo, luego conoces otras opiniones y ves que puede haber solucion, pero lo mejor es tener paciencia se que ser madre es algo que deseamos muchas mujeres pero preocuparnos no es la solucion, aceptar nuestra situacion es lo mejor e intentar llevar una vida normal, acudir a un especialista y que hagan su trabajo si esta de ser que seamos madres, lo seremos, si no, siempre queda pensar en una posible adopcion
