Michael Jackson's Thriller is not only the best-selling album of all time, but is also credited with ushering in the MTV generation, bringing the moonwalk into mainstream culture, and giving Jackson the moniker "The King of Pop." According to michaeljackson.com, a website run by Sony Music and owned by the Michael Jackson record label, 70 million copies of the album have been sold since its release in 1982, although various sources have estimated that

as many as 110 million copies have been sold
