How many times have you taken a 12-pack of your brew to a party or picnic to share with friends, only to find that they toss out your bottles or worse, drop gum or cigarettes into them? Don't they know you spent hours scraping off labels and soaking, scrubbing, and sanitizing those precious amber vessels? Perhaps it's time to leave your bottles at home for personal consumption

I had NO side effects from this medication, only relief from the painful spasms and would recommend this drug to anyone suffering with true IBS/Irritable Bowel Syndrome. HOWEVER, I'm greatly dismayed/disappointed the manufacturer decided not to make this drug available any more this past mid spring 2008. Now I'm having to suffer very painful bouts of lower abdominal spasms (not stomach) that is more solely noted for those dx/diagnosed with true IBS +/- diarrhea/constipation by a GI specialist-Gastroenterologist; not just any type of doctor.-If suffer from a variety of stomach or bowel or both, w/varying problems like: difficulty swallowing, gastric/stomach acid reflux, pain/spasms in mid to slightly left side of abdomen, just under last rib to mid upper abdomen, is where the stomach is-not on the side or back, nausea to cramping of upper-lower abdomen, to diarrhea or constipation, you poss have more than IBS -See a GI specialist to do the right testing to diagnose your problem(s); not just accept the word/diagnosis w/o testing from one who doesn't specialize in disorders & diseases of the GI tract

Viagra is just nitric oxide, which can be increased by supplementing AAKG. This is the same active ingredient as in No Xplode, a body building supplement. It works by helping you produce more nitric oxide. Body builders use it to get bigger muscle pumps, and to be more vascular. On the note, that's what "Willy" is, vascular erectile tissue, not muscle like some people think, though there are muscle attached there.
